New Sidewalks Ordered Near Local Schools

City's Traffic Problem Brings Discussion Before Council

Redwood City's traffic problem, ever becoming more acute, came in for considerable discussion at Monday night's meeting of the city council, with several steps being taken to improve the lot of the pedestrian in particular.

Inspired by the complaint of R. Patterson of Palomar Park that proper safeguards were not provided schoolchildren, and that in many cases they were required to walk in the streets, the council decided to institute proceedings to force property owners to install sidewalks in the vicinity of two schools—McKinley and Mt. Carmel.

Working under Redwood City's procedure ordinance, according to City Atty. Albert Mansfield, who with City Manager C. L. Dimmitt was authorized to launch the movement, the city will have sidewalks installed on James street west to Myrtle, it was decided. In addition, cross streets in the vicinity of the two schools will have sidewalks, under terms of the motion, made by Councilman Evans A. Fletcher and seconded by Louis Christensen.

CITES "MOB RULE"

Patternson in addressing the council protested that "mob rule" governed the conduct of pupils leaving the elementary schools, particularly at the close of school each day, and that lack of proper supervision of both children and automobile traffic was possessed of inherent danger. He demanded police protection for the youngsters and criticized the local department for having failed to give it before.

"If we can't get protection, my own boy and others I know will not attend school at McKinley," Patterson declared.

Councilman Fletcher took up the plea, declaring:

"There is no reason why the city can't place officers at each school at the closing hours. If we haven't enough officers, we should get more. Human life comes first above all things. The very sight of a policeman would cause motorists to be more careful."

Police Chief C. L. Collins defended his department, asserting that already steps had been taken to correct the condition at McKinley school.

He explained that recently rules had been established there requiring children to remain on the school grounds until their buses leave. He also pointed out that an efficient corps of 90 pupils enrolled in a "junior patrol" are aiding in regulating traffic near the schools.

Result of the discussion, which at times waxed warm, was that it was decided to demand installation of sidewalks to give the pupils something safe to walk on.

It was suggested by one councilman that conferences be held with school authorities on the general problem, but no action was taken in this regard.

Further safeguards for pedestrians on Upper Broadway were ordered when the council, on suggestion of Councilman Fletcher, asked City Manager Dimmitt to have "Pedestrian Lane—Slow" signs painted on the pavement on each side of the new pedestrian lane near El Camino Real.

In order to speed up traffic on Broadway, it was agreed, also on suggestion of Fletcher, that the bell-and-light signals at Broadway and El Camino Real be manually operated between 5 and 6 p.m. during the peak hour for commuter traffic.

To create more parking space for visitors to the city in the vicinity of the courthouse, a plan is being evolved which will require all county employes except for a few department heads to park their machines elsewhere than immediately adjacent to Courthouse Square, City Manager Dimmitt told the council in reply to another query from Fletcher.

Possibility of establishing illuminated stop signs at the Main street-Broadway intersection was also considered, also on suggestion of Fletcher. As a result, Manager Dimmitt was asked to learn prices of various types of illuminated signs suitable for use at the intersection.

Hollywood Youngsters in Pantry Raid!

Since two eminent Yale experimenters have proved by tests that a "Five Meal Plan" is a healthful one for active folks no mother should mind an object lesson like the one presented here. The principals, VIRGINIA WEIDLER and BENNY BARTLETT, Paramount child stars, are about to indulge in an after school snack and forage for Honey Maid graham crackers as a healthful wherewithal companioned by a glass of milk. Below is a plate of sweet sandwiches which the youngsters can make themselves. Honey Maids are frosted with white, orange or chocolate frosting and stacked together to make crunchy, tasty sandwiches.

Sugar, 5, Rates As Very Sweet Equestrienne

One of the youngest riders in the local pet show parade Saturday will be one of the most experienced, a veteran of several horse shows, two rodeos and a state fair.

The tiny equestrienne who will be astride her own little pinto mount, Chaquita, is Sugar Steinberg, five-year-old daughter of Mr. and Mrs. M.L. Steinberg of Atherton. And is she sweet!

Although she has only been riding horses a year, the tiny miss has packed a lot of horsemanship into that time. She has two blue ribbons which she won at the Menlo Circus Club horse show, and a few others from San Mateo Gymkhana Club show, as well as the Salinas and Gilroy rodeos. She also has given riding exhibitions at the Sacramento State Fair.

She's not old enough to go to school yet, but put her on a horse and she is a well-educated young "horse woman."

HURT IN STAIR FALL

Mrs. Velma Hudson, 37, living at Sequoia Hotel, Redwood City, was injured shortly before 1:30 o'clock Monday when she fell down the hotel stairs, according to Dr. Robert Monteith who treated her. She was taken later to Community Hospital, where she is suffering a fractured left elbow.

There are 48,208,310 pieces of the old large size currency still in circulation.

Kostelanetz Goes To Paramount for Concert Sequence

Andre Kostelanetz, conductor of the Chesterfield Broadcasts over CBS, Wednesdays, at 9 p.m., E. D. S. T., has been engaged by Paramount Pictures to do the concert sequences in "Artists and Models," the 1937 version of the all-star lineup featuring Jack Benny, Burns and Allen and other outstanding radio personalities.

Counting upon Kostelanetz' versatile abilities, this new picture, to be released early in the fall, will provide the famed Chesterfied conductor with an important role . . . a real sustaining part instead of a short feature bit.

The idea is current in Hollywood that Paramount will spare no effort to capture the coveted annual awards of the Academy of Motin Picture Arts and Sciences given to actors, directors, pictures and musicians, and many of their hopes are pinned on "Artists and Models."

As usual, Kostelanetz went to Hollywood by plane, following a Chesterfield broadcast. He will remain there less than a week, crowding all the scenes in which he appears into six "shooting" days, and returning in time to conduct the program on the following week. The spring series of Chesterfield programs is starring Lily Pons, lovely colorature soprano, accompanied by the Chesterfield chorus.

McGRATH ASKS $1,000,000 FOR HOSPITAL

Ward As Infirmary For Aged Veterans Is Facility Plan

An appropriation of $1,000,000 for construction of an infirmary ward at the Veterans' Administration Facility in North Palo Alto has been asked of congress by Representative John J. McGrath of San Mateo.

The funds would be used to construct 250-bed facilities to care largely for those veterans whose ailments are due to advancing age, according to Dr. P. G. Lasche, medical officer in charge of the hospital, located in San Mateo county.

Dr. Lasche declared that the appropriation was not being sought because of overcrowded conditions at the hospital, which, like any other such institution, has a "small waiting list," he said.

Half Sequoia Is 'Foreign'

A survey of the different race groups and nationalities represented among the students at Sequoia high school has been completed by the social problems class taught by Ronald Anderson, revealing that more than one-half of the students responding to questionnaires distributed by the class are of "foreign" origin.

Considered of "old American" stock if their ancestors had been in the United States for four generations, 41½ per cent of the 626 students respondi... to the questionnaires fell into this classification. The other 58½ per cent were grouped in eight other "foreign" classification, according to their ancestry, from two to three generations removed.

Characterized as "hybrids" if the individual were the product of radically different national groups—English and German, Spanish and Irish, Greek and Irish, Spanish and Russian and other radically different types—14½ per cent fell into this grouping.

The British Isles and colonies claimed 13 per cent; the Mediterranean countries (Italy, Spain, Portugal, Greece, Azores and Armenia), 10 per cent; the European (Germany, France, Russia, Switzerland, Belgium, Holland, Austria, Hungary and Poland), 9 per cent; the North European (Denmark, Norway, Sweden and Finland), 6½ per cent; the Oriental, 4½ per cent; the Negro, .4 per cent, and the Latin American, .3 per cent. The relationship of these percentages was shown in a graph prepared by the class.

Maps of the distribution of Italian and Greek population in Redwood City were made on the basis of surveys conducted in the community by Edgard Scilini, May Bean, William Grant and David Brodie, who also presented their findings to the class in reports, Tieing together the various findings of the different parts of the survey.

Purpose of the survey was to lead to a better understanding of the problems of race relations, to more tolerance towards one's neighbors of different nationalities, to show a picture of the migrations of people, and the social mobility of Americans and to indicate the constitution of racial groups in Redwood City.

CROSSING THE GOLDEN GATE BRIDGE A THRILL SOON AVAILABLE TO ALL

(above) Completed Bridge and View of Marvelous Marin. (insert) Bridge Approach with San Francisco and East Bay in Background.

FIESTA will mark the opening of the new Golden Gate Bridge in a celebration lasting from May 27th to June 2nd. But every day will be a "view fiesta" for travelers crossing the giant new span. The new, unusual, panoramic views obtained from vantage points on the bridge and its approaches are so thrillingly beautiful that they will long be remembered by every passenger. Sightseers will have three ways to cross the bridge: to walk; to go by private auto; and to ride by Greyhound bus. Effective May 28th, Greyhound schedules between San Francisco and Redwood Empire will be routed across the new structure. The new schedules which go into effect at that time will show substantial reductions in running time.

LEGION, AUXILIARY PREPARE FOR POPPY DAYS, MAY 28, 29

Poppy Days will be observed in Redwood City this year on Friday and Saturday, May 28 and 29, Mrs. Floyd Granger, chairman of the poppy committee of Redwood City Unit No. 105 of the American Legion Auxiliary, announced today.

Extensive preparations for the observance of the day are being made by the members of the Unit.

Memorial poppies, to be worn in honor of the World War dead and to raise funds for the welfare of the disabled veteran sand needy families of the dead and disable, will be distributed throughout the city.

A corps of "poppy girls" will offer the flowers to everyone on the streets during the day and receive contributions for the legion and auxiliary welfare funds.

The flowers have been made at the Palo Alto Veterans Facility by disabled veterans.

TRIBUTE TO HEROS

"Poppy Day is the day of personal tribute to the men who gave their lives in the nation's defense," explained Mrs. Granger.

"On that day everyone can show that they still remember and honor the sacrifices of those who lost their lives in the war. The poppy of Flanders is their flower, made in their memory by their disabled comrades.

There is no set price for the poppies. The American Legion Auxiliary asks everyone to wear a poppy and to contribute as he is able for the fower, Mrs. Granger said.

All contributions will be used for the work of the legion and its auxiliary among the men who lost health and strength in the war, and among the children whose fathers are dead or disabled. The bulk of the money will be expended right here in Redwood City for the work the unit is constantly doing among needy families of veterans here, the chairman declared.

$1,000,000 RAISED

From the nation-wide sale each year, the American Legion Auxiliary raises approximately $1,000,000 for the relief and rehabilitation of disabled veterans, and for the care of fatherless children of veterans.

Benefits to the disabled veterans begin long in advance of the distribution of the poppies on Poppy Days. Many hundreds receive employment in making the millions of little crepe paper flowers.

This year poppies were made for the auxiliary in 65 veterans' hospitals and poppy workrooms, located in 40 different states. The mental diversion of making the poppies has been found an excellent way to steady the nerves and occupy the minds of hospital patients.

Jelly Jubilee Set for Month During Summer

There's a National Jelly Making Jubilee coming! The days between June 15th and July 15th this year will honor that ancient and noble household tradition—the making of jams and jellies in the home.

Local organizations that want to tie up with this nationwide event are planning their activities now, following the lead of Kate Smith, who has been chosen as Queen of the celebration.

Many club and church members will enter this summer's big event, which is being sponsored by the National Jelly Making Institute. Merchants will do their share during the Jubilee by featuring specials in fresh fruits of all kinds, and other jelly making materials such as paraffin, glasses, pectin, etc.

COWGILL GIRL SUES MATE

Marvyn Collins, daughter of J. E. Cowgill, San Carlos city councilman and real estate and insurance man, today filed suit for divorce from Coyle C. Collins, San Mateo insurance man. Charging cruelty, Mrs. Collins asked for custody of the couple's one child, Coyle, 3.

Gradual exhausion of underground well water has caused 20,000 acres of land to be abandoned in Californias upper San Joaquin valley.

Two Local Men Win Positions On Commission

Traffic Safety Group Of Seven Members Named By Board

Two prominent Redwood City citizens, Maj. H. W. Edmonds and Daniel R. Stafford, were named Wednesday by the board of supervisors to the seven-man county traffic commission set up by ordinance several months ago.

Stafford, local realtor and former mayor, was named as the third district representative, while Edmonds, head of the local American Legion post and prominent in county veteran affairs, was named to one of the two positions-at-large.

Board Chairman Hugh H. Smith announced the other appointments as follows:

First district, Thomas L. Hickey of South San Francisco.

Second district, Henry Ascher of San Mateo, grocer and member of the city planning commission there.

Fourth district, Col. Felix B. La Crosse of Half Moon Bay, retired rancher.

Fifth district, Dr. A. H. Nobbs, Burlingame dentist.

For the other at-large position, John L. Hardiman, San Bruno salesman and chairman of the Legion's county traffic safety committee, was selected.

Appointment of a salaried secretary, as contemplated in the ordinance, will be a "matter of future consideration after organization of the commission," Chairman Smith said.

Flight to Denver Marks Beginning Of New Service

Foregoing the usual inaugural ceremonies, United Air Lines this week completed its first official flight to Denver, Colo.

According to S. A. Stimpson, district traffic manager, the new schedule climaxes a 10-year fight by the Denver Chamber of Commerce to have its city placed on the transcontinental air route.

Malcolm Fraser, secretary to Mayor Rossi, acted as official ambassador for San Francisco on the inaugural flight.

Although the Colorado city is only on one eastbound and one westbound schedule a day at present, two stops will be made there when a fourth transcontinental schedule is placed into service next month, according to Stimpson.

Parkman, Call Named To Dedicate Highway

Senator Harry L. Parkman of San Mateo and Assemblyman Harrison W. Call of South San Francisco will be on the legislature committee in attendance at the dedicatory ceremonies with the opening of the "Carmel-San Simeon highway," scheduled for sometime early in July. The county representatives were named to the committee yesterday by the senate and assembly.

MENLO PARK NEWS NOTES

Charles A. Clancy of Menlo Park will receive his "wings" at Kelly Field, Tex., on June 9. Following his graduation he will be granted a reserved commission as second lieutenant in the United States Army Air Corps. He will be ordered for duty on July 1. The flying cadet attended St. Joseph's Parochial School, Sequoia Union High School, Menlo Junior College and was graduated from Stanford. He is a son of Mrs. Ella M. Clancy, who owns a beautiful home on Valparaiso avenue.

Charles Edward Thomas passed away at Monterey this week following a brief illness. He was a close relative of Mrs. W. H. Weeden. Thomas had the honor of being the youngest graduate of the state university, receiving his degree at the age of 17. He was a highly cultured man.

Archbishop J. J. Mitty has selected Father McDonough, one of the staff of St. Patrick's Seminary, to write a complete history of the institution. The foundation was constructed by the late H. B. Morey in 1891. By a wise action of the architect, the foundation was allowed to settle for a year before the superstructure was commenced. When the earthquake came in 1906 the foundation and the building stood firm with the exception of the third story, which was badly damaged. The first class was ordained in 1898 and the first two priests to receive the cloth were Father Harvey and Father Brockage, who afterwards became teachers at the seminary. They are now pastors of prominent churches in San Francisco.

Hans Agard has resigned his position from the Menlo Park Police Department. His duties were to care for the traffic at the Central School. He made a good officer.

W. H. Weeden has returned from the Grand Parlor session of the Native Sons of the Golden West held at Sonoma this week. It was one of the most successful meetings of the order. J. Hartley Russell, whose father was raised in Menlo Park, retires as grand president. Mr. Weeden was the delegate from the local parlor.

Some time next month a rummage sale for benefit of St. Joseph's School will take place in the Hall of the Nativity. A committee is out collecting articles. All contributions will be gladly received by the committee.

Mr. and Mrs. Jack Harris of Atherton are the parents of a daughter born May 11 in San Francisco.

Miss Ethel A. Grayson, a teacher in the San Mateo schools, spent the week-end at the Menlo Park home of Mr. and Mrs. J. E. Cooper.

Thornton Re-elected Fraternity President

James Thornton, Sequoia high school instructor, has been re-elected president of the Stanford chapter of Phi Delta Kappa, professional education fraternity. Joseph DeBrum, another Sequoia teacher, succeeds his colleagues, Donald Cherry and John D. Peck, as editor of the fraternity's publication, the News Letter. DeBrum formerly held the position of secretary of the organization.

In conjunction with the Stanford Education Club and the Stanford chapter of Pi Lambda Theta, the Phi Delta Kappas will hold a dance May 21 at the Los Altos Country Club.

Burlingame Man Wins Deputyship In Sheriff Office

Hugh P. Williams of Burlingame, former engraver and jewelry salesman, was named Monday by Sheriff James J. McGrath to take the criminal deputy post of Clement Nash, who is in turn taking over the duties of chief civil deputy.

The changes in the sheriff's staff were caused by the resignation of Belton Rhodes of San Mateo, who has taken over the duties of city clerk in that city, succeeding the late Ed Foster.

Williams, 601 Ansel road, is a widower. He has one daughter, Virginia, San Francisco secretary.

The new deputy is a prominent peninsula Mason and Elk. He is the past exalted ruler of the San Mateo Elks lodge.

Salary of the criminal deputy, who went to work today, will be $190 monthly. Nash will receive $215 per month as chief civil deputy.

Robert S. Howard To Come Into Estate

Robert S. Howard, 21, son of Charles S. Howard, Hillsborough automobile magnate and big game hunter, will come into $82,000 when the county superior court approves a petition of the elder Howard to have terminated his guardianship of the estate of his son, now of age.

The elder Howard listed his son's property as consisting of $70,000 in stocks and bonds and $12,705 in cash.

The Hillsborough youth is also the beneficiary of a $2,000,000 Howard trust, which he shares with his mother, Mrs. Edmund Herrscher, wife of a San Francisco attorney, and his brothers, Lindsay and Charles. The entire trust will go to the three young men upon the death of their mother, who has remarried.

SEA LION GETS YEN FOR CHAMARITAS

So 60-Pound Cub Wanders Inland From Coast

KIND-HEARTED COPS PUT HIM BACK

The saga of a sea-going sea lion with a landlubber streak and a yen for Chamaritas in his sealy makeup was related here Wednesday by Patrolman John J. Quinlan.

And probably, as the story was told by the patrolman, the adventurous sea lion, frisking again in his watery home off the San Mateo coastside, was barking the tale to a group of admiring sea lionesses, probably members of an afternoon marine club.

Perhaps the sea lion's side of the story would be the most interesting.

"Sure, I learned all about the land and how people live there without any salt water or raw fish, and was it dusty and dry," he was probably barking.

And if he were telling the truth and not furbishing the yarn, as even the most honest speakers do, he would tell how he climbed out of the surf near Half Moon Bay over the week-end and tried to join the annual coastside Portuguese celebration. And then he got lost.

"I hobbled inland nearly a knot, looking at farms and houses and things before I decided to take a rest by the side of the road.

"And there a tall, cheerful looking man with a star on his chest, and two other men found me. They put me in a sack and took me back to the beach, and here I am,"

at which the sea lionesses probably clapped their flippers in admiration.

Perhaps Quinlan must tell the rest of the story. He said that the seal's land-bound predicament was called to his attention by an unidentified man who prefaced his story of the seal by the side of the road with the assurance that he had not had too many drinks in celebration of the Chamarita.

So with Constable Fred Simmons and Gene Ferreira of Half Moon Bay, Quinlan located the sea lion a quarter of a mile south of Half Moon Bay and over a mile inland.

When taken in a gunny sack back to the beach, the sea lion, a grey and black little animal weighing about 60 pounds, showed evidence of pleasure, and hobbled into the waves, where he frisked gleefully.

Exploring Trio Sail For Hainan Island

HILLSBOROUGH, May 19—Nicol Smith, explorer, lecturer and member of the peninsula social set, sailed from San Francisco yesterday with two companions, Leonard Clark, author, and Jack Monroe, musician, on a trip that will take them to the Island of Hainan, north of Borneo.

The island never has been explored and many mystic legends are told of the Loi savages, "mountains of the red mist and natives with tails." The exploring trip will have botanical, geological and musical aims.

Traffic 'Sins' Bring Penalties From McAuliffe

Five speeders were fined for their traffic "sins" and 17 other motorists were penalized for other offenses in Judge Edward I. McAuliffe's end-of-the-week traffic court sessions.

Two speeders, A. W. Pioda and John Fitzgerald, assessed $2.50 apiece, were cited by local police. The others, Loe Claire Douglas, San Francisco, and Arthur G. Moore, San Jose, both fined $5, and W. Belloti of San Jose, penalized $2.50, were arrested by highway patrolmen.

Fifteen motorists were hit by $1 fines for over-parking here. Mrs. Joseph De Geller, Jerry Stafford, S. Magnami, Edward Lorentzen, Emma Dietrich, Henry Hussey, Alice Herkenham, Mrs. Agnes Ingraham, Lucy Mayer, B. Carlleteau, Mrs. Ernest Mussio,, Laura Harwood, Andrew Budseus, D. Tanzi and a driver for the Redwood City Credit Bureau.

Fines of $2.50 apiece, for driving through stop signals, were paid by Albert Mandoli of South San Francisco, and John B. Franklin.

Carl F. Stalter, Pioneer, Former Ball Player, Dies

In the death of Carl Fredrick Stalter Redwood City mourned today a man who had lived here for 46 years and whose life was closely intertwined with the pioneer days of this community.

Mr. Stalter, 68, who passed away after a two-month illness Tuesday at 9 o'clock at his home at 509 Stambaugh street, was for 15 years, until he was stricken ill, a clerk at R. C. Holmquist's hardware store.

Before that he was a clerk in the Main street general merchandise store of P. P. Chamberlain, late county treasurer. This store was one of the first in Redwood City.

A prominent local athlete in the days when baseball was played on the "Old Back Commons," close to where Mezes Park is now located, Mr. Stalter played first base on teams on which his brother, August Stalter, pitched. Daniel R. Stafford, local realtor and former mayor, was another member of these teams.

One of the teams on which the trio played was the famed "Pets" nine organized by P. P. Chamberlain.

Old timers here will remember Mr. Stalter as the driver of the old Wells Fargo express from the Chamberlain store to the depot in the old "horse and buggy days." He was head of the express firm's branch here for many years.

Mr. Stalter was the son of James and Elizabeth Stalter, early peninsula pioneers. He was born at Searsville, now part of Stanford University property. His birthplace is now under what is Searsville Lake. He had never married.

He was a member of Redwood Parlor No. 66 of the Native Sons of the Golden West, and of Metamore Tribe No. 24, Improved Order of Red Men.

Besides his brother, August, Mr. Stalter is survived by three sisters, Mrs. Emma Mengel and Mrs. C. L. Wood, both of 509 Stambaugh, and Mrs. Sophie Offermann, formerly of this address but who recently moved to San Francisco, and by a number of nieces and nephews.

HOGG DENIES RECKLESSNESS

SAN MATEO, May 18.—William Hogg, 33, San Francisco engineer charged with reckless driving, pleaded not guilty to the charges today before Municipal Judge Arthur H. Stetson, of San Mateo. Hogg demanded a jury trial. The case was continued until June 9.

Porcupines are fond of salt.

Martha Winter, Local Resident 30 Years, Dies

Death late Saturday night closed the long illness of Mrs. Martha M. Winter, 37, resident of Redwood for the past 30 years.

She resided at 160 Hudson street, with her husband, Allen Winter, and a daughter, Barbara Jean Winter.

Mrs. Winter was a sister of Mrs. Henrietta Sutton and Mrs. Margaret Schneider of San Francisco, and Mrs. Annie L. Jennings and Allan, James P. and Jean Frances McKay, all of Redwood City. She was a member of Sequoia Chapter, No. 203, Order of Eastern Star.

Mother, Daughter Reunited Here After 27 Years

"She doesn't look like the baby she was."

Thus Mrs. Anna Wright Corbett, 68, described her meeting in Redwood City Tuesday with her only daughter, Mrs. T. H McKibbon, christened Marguerite, whom she had not seen or heard from for 27 years, since her girl was but 8 years old

"It takes a mother to surmount difficulties," Mrs. McKibbon, now a mother herself of four children, said of her mother's long search that spanned the United States and Canada.

The pair were reunited at the Redwood City bus depot. Mrs. Corbett had taken the earliest bus from Los Angeles as soon as she learned of her daughter's whereabouts.

They went then to the privacy of Mrs. McKibbon's Friendly Acres home, where they could become acquainted with each other once more.

'NEVER GAVE UP'

"I just never gave up," Mrs. Corbett explained in describing how she located her "child."

"But I don't believe that I would ever have found her without the help of the Los Angeles police," she testified.

All hints as to the location of the little 8-year-old girl were swept away when Mrs. Corbett's husband departed with Marguerite from their home in Porterville, where the family had moved in 1902.

MOTHER HUNTS FUTILELY

Years of futile search brought nothing, for Corbett had gone with his daughter to England. They remained there five years before crossing the ocean again to Canada, where the girl, believing she was motherless, lived until she married Mr. McKibbon in 1919.

The McKibbons moved to California several years ago and more recently to Friendly Acres. They work in San Francisco, she a tailoress and he a painter.

Once Mrs. Corbett took the train to Montana from Los Angeles, her home ever since her daughter's disappearance, but Marguerite had never lived there.

CLUE FOUND IN CHICAGO

Several months ago the aging woman at last enlisted the active aid of the police, and found a cousin in Chicago who had learned Mrs. McKibbon's married name and provided the missing clue.

Headless Body Is Identified As Filipino's

Identified by two men who were fishing with him when he was swept to his death in the sea off Pedro rocks April 4, the headless body discovered Sunday night in the surf at Rockaway Beach was declared Monday to be that of Santos Ollero, 23, Pedro Valley Filipino field worker.

Deputy Coroner Bert Lasswell had expressed opinion shortly after the body was retrieved that it could not have been that of an Oriental, but Ollero's companions declared that the youth when drowned was wearing such clothes as those in which the body was clad. The youth was wearing riding trousers and boots, and a metal ring, through which he was identified.

Film Portraying County's Beauty To Be Exhibited

The beauties and advantages of San Mateo county as an ideal vacation spot as well as a home place will be heralded to the nation through the medium of an unusual moving picture, it was announced today by County Publicity Director William C. McCarthy.

The picture will have its premiere showing in the theatres of San Francisco this week-end, playing there for three weeks before being sent east. The picture is a complete San Mateo county feature depicting riding, hiking, picnicking, tennis, fishing, golf and swimming features, taken at advantageous spots in the county.

The Pacific Greyhound Lines of California sponsored the film which was prepared under the direction of Frank R. Church of the Church Film Company of Oakland and Los Angeles, assited by Fred Carlyle and Mrs. W. G. Turbitt.

The film, costing the taxpayers of the county nothing, will publicize the county throughout the nation and should prove invaluable in attracting vacationers and new residents, McCarthy said.

Punch and Judy shows originated in Italy.

Approximately 10,000 coyotes and 177 mountain lions were trapped in California in 1936.

LOGGERS TOO COLLEGIATE

ASTORIA, Ore. (UP)—Movie directors seeking rough and rugged loggers in nearby lumber regions for a logging camp film are having difficulty. They declare the modern logger—often a university student or graduate—is too civilized for dramatic purposes.

Auto thefts in the United States total approximately 350,000 a year.

A total of 1,513 persons lost their lives in the sinking of the Titanic.
